Mr. Scott Walker
Federal Election Commission
999 'E' Street, NW
Washington, D.C. 20463

Dear Scott:

As per our telephone conversation today, I am writing you regarding our 3rd and 4th quarter reports. It seems that some of the expenditures were incorrectly classified giving the impression that money was spent for 'direct candidate' support, when in reality, all monies spent was for voter registration only.

You also had a question on limited administrative expenditures. We had two offices during 1999. One in Rancho Cucamonga, and one in San Bernardino. We paid for utilities, office expenses, etc., and we had an office manager in the Rancho office.

The offices were donated. I showed both values of rent as "in kind" on the last report for 1999.

We are working on getting all problems with the 1999 and 2000 reports resolved. We did not have any staff at the Rancho office after the election and so I did not receive the letters until just about three weeks ago. I want to apologize for not responding sooner.

Best Regards,

J. M. Olchawa
Treasurer
